Ask Daddy for a Piano With Pedals You Can Reach

Show him how little pleasure you get from playing. If he plays-or if Mother does-ask

so they cannot be used. Then let him try to play. What a monotonous strumming! Might almost as well beat on a wooden block. Probably he will quickly stop in disgust.

But that is the way you must play. For you cannot reach the pedals. You cannot give expression to the music.

Always the Same

PERCY GRAINGER "Every child should begin to use the pedal as soon as it begins to play. Your Junior Pedal should be used

Over and over, you must play finger exercises. Of course, that is a fine thing. It is very necessary. Only in that way can you ever learn to play well.

Sometimes, though, you would like a change. You would take more interest with a few pretty pieces. Pieces that bring out delicate shades of tone or demand the full power of the piano. You would like to play the way grown-ups do.

Play Like an Artist

And now you can! You can play like a real artist on the beautiful Lyon & Healy Piano, equipped with the Junior Unfolding Two-Level Pedal.

This Junior Pedal looks just like the ordinary pedal. But it opens out to a higher level. easily reach it. In a short time you can learh to play

-with the pedals. You can play the imaginative pieces vou like so much. Practicing will become a joy.

the piano properly

No matter how fine a piano you have now, it is not much good to you. But Daddy can trade it in, at a very moderate cost, on a Lyon & Healy Piano, whose exquisite voice "sings beneath the fingers." Then you will be able to use the pedals. You will have a piano of supreme quality that you all can enjoy.

Come and Try It

Tell Daddy to ask us what the greatest pianists say about the Junior Pedal. Have him-or Mother-bring you to our store to try it. We'd like to have you play one of these beautiful pianos. If they can't come, have them phone or write for our free illustrated folder.
